

Include/rectangle.h

```
graph BT; Src/rectangle.cpp --> Include/rectangle.h; Src/shapelfactory.cpp --> Include/rectangle.h;
```

A diagram illustrating file dependencies. At the top is a box labeled 'Include/rectangle.h'. Below it are two boxes: 'Src/rectangle.cpp' on the left and 'Src/shapelfactory.cpp' on the right. Blue arrows point from each of these bottom boxes up to the 'Include/rectangle.h' box, indicating that both source files include the header file.
