

Include/triangle.h

```
graph BT; S1[Src/shapefactory.cpp] --> H[Include/triangle.h]; S2[Src/triangle.cpp] --> H;
```

A diagram illustrating file dependencies. At the top is a box labeled 'Include/triangle.h'. Below it are two boxes: 'Src/shapefactory.cpp' on the left and 'Src/triangle.cpp' on the right. Blue arrows point from each of these bottom boxes up to the 'Include/triangle.h' box, indicating that both source files include this header.
